- The Granite-Ware® Deluxe Food Mill is the perfect tool for food preserving, and for preparing fresh purees, sauces, soups, baby food and more.
- *No more peeling and seeding!* The food mill separates skins and seeds while removing pulp in one easy step. Pureeing tomatoes, grinding apple sauce and mashing potatoes has never been easier. No need to remove the skins, the food mill does all the work for you.
- Includes 3 stainless steel grinding discs to create a variety of food textures:
 - Fine : for smooth jellies, creamy sauces and delicate baby food
 - Medium: for hearty applesauce, vegetable soups and tomato sauce
 - Coarse: for chunkier sauces, mashed potatoes and more
- Fits directly over mixing bowls or stock pots with 3 points of contact (2 end clips + handle) creating a stable base for milling and processing.
